October 2014

Pinkston watersports

September was a month for both success and disappointment. Success for the four sea paddlers that obtained their 3 Star sea qualification. Well done to Lori, Antje, Tony and Colin. Disappointment on the other hand for some of the coaches who had planned events which were then not supported.

For instance, only two club members took part in the rolling clinic. Less than 2% of the membership wanted to work on rolling. The flat water basin at Pinkston was the venue, club members were given plenty of notice yet only 2 people turned up. Disappointing to say the least. Okay the Wednesday night might not be perfect for everyone, especially if you are attending the pool session on a Tuesday, but it was the ideal opportunity to take a skill learned in the pool outside and get some coaching at the same time.

I hope that club members will take advantage of these opportunities in the future, otherwise the opportunities might cease to be there!

Sunday 02.11.14 River Kayak 3 Star Assessment

Tuesday 04.11.14 Pool Session Clydebank

Friday 07.11.14 Loch Awe Weekend The inaugural Club Ceilidh also took place without being particularly well supported. Those that attended had a good time and the band was excellent. Let's hope more people can make it next year.

On the plus side of things most of the other programme events seems to be fairly well supported. We have the AGM coming up, there should be water back in the rivers soon and a group of river paddlers have started working towards their 3 star white water assessment. This has been scheduled for 02/11/14 so there will be time for practice on the Sunday trips prior to the assessment.

Talking of opportunity and with regard to the club programme, if there is anything there that you want to do please contact any of the club committee. Contact details are on the club website.

Again, I need to remind everyone that if you want to take part in an event other than the club pool sessions you should contact the organiser. The contact details for each organiser can be found in this newsletter or on the calendar section of the club website.

Phoning up, texting or emailing the night before is unacceptable unless you have previously contacted the organiser and he or she has made this arrangement to allow for weather conditions or other variables. You should normally give the organiser at least one week's notice that you intend to take part in an event. This allows the organiser time to organise!

I take it no-one is interested in the Glasgow/Edinburgh Challenge or the Tay Descent. No-one has been in touch with Sandy so we can only assume that these events hold no interest.

Lastly, kayaking and canoeing are outdoor sports. Pool sessions have their place, to practice skills, to act as a meeting point, but it's all about getting out paddling. Talk to the coaches, let them know what you want to do and maybe we can all get out a bit more!
